**SILVER SNEAKERS®:** The RAC offers three formats of Silver Sneakers:

1. **CLASSIC:** Wondering where to start? This class is the place as it offers a variety of exercises designed to increase muscle strength, range of motion and functional fitness.
2. **CIRCUIT:** Alternating between cardio, balance and strength segments, makes this class a tad more challenging than the Classic class.
3. **CHAIR YOGA:** Your whole body will move through a complete series of seated and standing yoga poses, to increase flexibility and balance.

**CANDLELIGHT YOGA:** Yoga by candlelight is a nourishing way to end the day. Relax, unwind and relive tension in the body, heart and mind. This class is suitable for all levels and includes breathing and relaxation exercises.

**POUND:** POUND. ROCKOUT. WORKOUT. Channel your inner performer and rock your body with this modern-day fusion of movement and music. Using lightly weighted drumsticks engineered specifically for exercising POUND transforms drumming into an incredibly effective way of working out.

**TRX 101:** Class will include basic foundation TRX exercises, along with a comprehensive breakdown of TRX anatomy and length adjustments. Experienced TRX-users are welcome!

**CYCLE 360:** Adds variety to the everyday indoor cycling class and provides participants with a total body circuit workout. Cycle 360 combines the aerobic work of indoor cycling with OFF the bike strength and core training, allowing riders to get the best of three formats in a single class, balancing muscles and avoiding burnout.
