Utility Committee Meeting was called to order at 6:41 P.M. by Chairperson, Paul Moskun.

The first item was to re-appropriate \$5,000 for a Storm Water Grant for the high school.

Mr. Finney explained a Storm Water Grant Project from 2020 that the City had appropriated \$5,000 for. Due to delays from the pandemic the grant did not officially go through until recently and the \$5,000 did not roll over in the budget. The item is to re-appropriate the funds that were never given to the high school for their project.

- The item was moved forward

The second item was to appropriate \$205,930 for the Pratt Street Improvement.

Mr. Finney explained that the Critical Infrastructure Grant that he applied for came through last week, but the City only received \$233,600 instead of the \$300,000 that the City applied for. The project was approved in 2021 but the money was not appropriated and carried over. Due to project cost increases and the difference in grant awarded funds, the City's portion of the project cost is \$205,930.

- The item was moved forward

There being no further business for discussion, the meeting adjourned at 6:49 P.M.
